2010 SETTING THE COURSE

You and your crew are about to embark on a great outdoor Scouting experience. Your Philmont trek will leave you with lasting memories and lifetime values. It will change your life forever! This *TREKS - Itinerary Guide*, and accompanying materials, will help you and your crew in completing the last of your planning and aid in the selection of your Philmont itinerary.

You have already received a *Council and Unit Planning Guide* along with a supply of the *2010 Health and Medical Records*. In this Advisors Kit you will find the *Treks Itinerary Guide*, a *Guidebook to Adventure* for each crew member, a Philmont wall map and other materials that you will find useful as you finalize plans for your High Adventure experience! Please study all the materials that Philmont has sent to you. For example, the *Council and Unit Planning Guide* outlines **leadership standards, youth protection, health and medical requirements, crew responsibilities, fee payment schedules, coed Venturing Crew policies, and even a monthly planning schedule**.

This *2010 Treks Itinerary Guide* gives direction to

- . . . finalizing your travel plans.
- . . . understanding Philmont's participation requirements.
- . . . selecting an itinerary that very carefully matches everyone's physical ability level.
- . . . how to benefit from Philmont's many and varied Backcountry programs.
- . . . building your crew into a team where everyone is successful.

PHYSICAL CONDITIONING

The importance of being in **top physical condition** cannot be overemphasized!

Backpacking 5 to 14 miles daily, for 12 days with a 35-50 lb. pack, at elevations ranging from 6,500 to 12,500 feet, requires great physical strength and endurance. Your physical training program should have started last December, at least six months of training is **strongly recommended**. If it did not - **PLEASE START NOW!** Refer to Page 19 of the *Council and Unit Guidebook* for a suggested conditioning program.

WILDERNESS FIRST AID/CPR TRAINING REQUIREMENTS/CERTIFICATIONS – 2010

Philmont requires that at least **one person**, preferably two, (either an advisor or a youth participant) **in each crew be currently certified in American Red Cross Wilderness First Aid basic or the equivalent* and CPR from the American Heart Association, the American Red Cross or the equivalent**. The American Red Cross Wilderness First Aid is a sixteen hour course designed to help in situations when help is not readily available. Several hours may be required for Philmont staff to reach a remote backcountry location after a message is delivered to the nearest staffed camp. First aid and CPR training will result in proper and prompt attention being given to injuries and/or illnesses. **You must present current certification cards upon check in to verify this requirement.**

Equivalent training can be obtained from the following nationally-recognized organizations:

- American Red Cross www.redcross.org
- American Safety and Health Institute www.ashinstitue.org
- Emergency Care and Safety Institute www.ECSInstitute.org
- National Outdoor Leadership School (WMI) www.nols.edu/wmi/
- National Ski Patrol – Outdoor Emergency Care www.nsp.org
- Outward Bound - www.outwardbound.org/index.cfm/do/exp.safety
- Stonehealth Open Learning Opportunities (SOLO) www.soloschools.com/wfa.html
- Wilderness Medical Associates (WMA) www.wildmed.com
- Wilderness Medical Society (WMS) www.wms.org
- Wilderness Medicine Outfitters www.wildernessmedicine.com
- Wilderness Medicine Training Center www.wildmedcenter.com
- Wilderness Safety Council www.wfa.net
- Wilderness Safety & Emergency Response (W.I.S.E.R.) www.wiser-wfr.com

The Boy Scouts of America and the American Red Cross have a national agreement, the primary goal of which is to help councils (with their districts and units) become self sufficient teaching Red Cross courses, including First Aid. *Wilderness First Aid Basic* is specified in the agreement. Through this agreement a local council can coordinate training of American Red Cross courses by providing BSA volunteers who are certified to instruct the course by the American Red Cross. The fees for the course taught by the BSA volunteers are dramatically reduced and include a \$5.00 administrative fee and the cost of materials. Visit with your council service center for more information about the American Red Cross National Agreement.

Philmont encourages each crew to have at least one person trained in American Red Cross Wilderness First Aid Basic or the equivalent. However, Philmont will accept the following advance levels of training and a copy of the license or certification must be shared with Philmont during the registration process:

- Wilderness First Responder
- Outdoor Emergency Care
- EMT Basic, Intermediate, or Paramedic
- Military Corpsman or Medic
- Registered Nurse
- Nurse Practitioner
- Physician's Assistant
- MD or DO

Please note: The Boy Scouts of America have developed a new Wilderness First Aid Course that is being adopted by many of the nationally recognized organizations. This course will be available to the organizations in March 2010. Because of this, the courses offered by the various organizations will now be similar.

HEALTH AND MEDICAL RECORD

Every camper and Advisor is required to have a medical evaluation within twelve (12) months of their participation date by a physician licensed to practice medicine. An examination conducted by a physician's assistant or a nurse practitioner will be recognized for states where they may perform physical examinations to students enrolled in public school systems. **The 2010 Philmont Health and Medical Record must be used.** Advisors are to collect and hold the forms to be turned in at the Health Lodge upon arrival at Philmont. **Review each participant's medical form to be familiar with any health restrictions, check for parental and physician's signatures, and that a copy of participants health insurance card is attached.**

An individual should always contact the family physician first and call Philmont at 575-376-2281 if there is a question about the advisability of participation. Philmont's chief medical officer and other medical staff of the Health Lodge reserve the right to make medical decisions regarding the participation of individuals at Philmont.

Each crew must bring a first aid kit. The 2010 Guidebook to Adventure will contain a recommended first aid kit supply list. Many "over the counter" medications are available at the Tooth of Time Traders.

PHILMONT WEIGHT LIMITS FOR BACKPACKING & HIKING

Each participant in a Philmont trek must not exceed the maximum acceptable limit in the weight for height chart shown below. The right hand column shows the maximum acceptable weight for a person's height in order to participate in a Philmont trek. Those who fall within the limits are more likely to have an enjoyable trek and avoid incurring health risks. These guidelines are used because overweight individuals are at a greater risk for heart disease, high blood pressure, stroke, altitude illness, sleep problems and injury.

Participants 21 years and older who exceed the maximum acceptable weight limit for their height at the Philmont medical recheck WILL NOT be permitted to backpack or hike at Philmont. For example, a person 70 inches tall cannot weigh more than 226 lbs. All heights and weights will be measured in stocking feet.

For participants under 21 years of age who exceed the maximum acceptable weight for height, the Philmont physicians will use their best professional judgment in determining participation in a Philmont trek. Participants under 21 years of age are strongly encouraged to meet the weight limit for their height. Exceptions are not made automatically and discussion in advance with Philmont is required regarding any exception to the weight limit for persons under 21 years of age, whether it is over or under. Philmont will consider up to 20 lbs. over the maximum acceptable as stated on the chart, however, the exception will never exceed 295 lbs. Philmont's phone number is 575-376-2281.

The maximum weight for any participant in a Cavalcade Trek and for horse rides is 200 lbs. Under no circumstances will any individual weighing more than 295 pounds be permitted to participate in backcountry programs. This requirement is necessary because of limitations of rescue equipment and for safety of search and rescue personnel.

Individuals who do not meet Philmont's weight for height requirements will not be allowed on the trail and will be sent home.

78	164-234	235-281	281
79 & over	170-240	241-295	295

This table is based on the revised Dietary Guidelines for Americans from the U.S. Dept. of Agriculture and the Dept. of Health & Human Services.

A water-displacement test to determine percent body fat will also be accepted in lieu of the height-weight guidelines. Women will need to have a body fat of 20% or less and men will need to have a body fat of 15% or less to be qualified to participate. No other form of test to determine percent body fat (DEXA scan, skin fold, etc.) will be accepted by Philmont.

Philmont's camping programs center on backpacking in the backcountry, therefore Camping Headquarters does not offer a "Base Camp" program. Participants who arrive at Philmont and do not meet the above height/weight requirements **OR** who come off the trail because they cannot physically complete their trek must return home at their own expense.

Usually, most minor injuries and illnesses can be handled by the Health Lodge and allow the participant to return to the trail. Philmont tries to reunite injured campers to their crew, however, several factors may prevent or delay this, such as weather, the nature of the injury, where the crew is camped and the length of the trek remaining. Once again, good conditioning and safe camping and hiking practices help make the trek successful for all.

ACCIDENT AND SICKNESS INSURANCE

Campers and Advisors are covered while at Philmont, and while traveling to and from, by a plan through Health Special Risk, Incorporated. (Please refer to the High Adventure Base Camper's Accident and Sickness Plan Brochure.)

For each sickness or injury, benefits are payable for medical or surgical treatment, prescription drugs, hospitalization or the exclusive services of a private duty nurse (RN or LPN). Benefits will be paid for expenses incurred (subject to the *Primary Excess Provision* explained below) up to the usual and customary charges normally made within the geographic area where treatment is performed.

Primary Excess Provision - When medical or surgical treatment is involved, benefits in excess of the first \$300 will be payable only for covered expenses which are not recoverable under any other insurance policy or service contract. If no other collectible insurance is available, this Primary Excess Provision will not apply.

Advisors are urged to inform parents of the information in the High Adventure Base Camper's Accident and Sickness Plan Brochure provided by Health Special Risk, Incorporated. Also remind parents to include the company name and policy number of their family insurance policy and attach a copy of their health insurance card (front & back) to the Philmont Health and Medical Record.

EMERGENCY TRANSPORTATION

Philmont will assist with transportation arrangements when a family emergency (death or serious illness) occurs during an Expedition requiring a participant to return home or if a participant must return home for medical reasons. Participants will be required to reimburse Philmont for any transportation services provided, including transportation to a required airport.

THE PHILMONT CREW LEADERSHIP TEAM

Every Philmont crew functions best when led by a youth crew leader! Great care should be used in selecting a crew leader as this person will have an awesome responsibility. The crew leader must have earned the respect of the crew members and adult Advisors.

The **Crew Leader** gives leadership to the crew as they:

- select the itinerary that best suits everyone's physical abilities.
- choose routes during the trek that match the crews ability.
- Set-up and break camp.
- establish a fair duty roster.
- see that "smellables" are correctly stored and all Philmont policies followed to avoid encounters with bears and other animals.
- ensure the Wilderness Pledge is followed and that campsites are left clean.

The **Adult Advisor** must support the crew leader and is responsible for:

- arranging transportation, overnight stops and meals en route to and from Philmont.
- ensuring the safety and well being of everyone in the crew .
- addressing crew conflicts that may require appropriate discipline.
- serving as a counselor and coach and giving appropriate guidance to the crew leader.

CHAPLAIN'S AIDE

A crew member, who has preferably earned one of Scouting's religious awards, should be selected as the Chaplain's Aide. Their duties include leading grace before meals and encouraging participation in religious services and the Philmont "Duty to God" program. This team - Crew Leader, Advisor and Chaplain's Aide become the prime resource for keeping morale high!

WILDERNESS PLEDGE *GUIA* (Spanish word for Guide)

Each crew will select a Wilderness Pledge *Guia*. This individual will help the crew understand the principles of the Philmont Wilderness Pledge and Leave No Trace. This person will help the crew focus on camping practices that will adhere to the wilderness ethics outlined in the two approaches. With more than 21,000 participants camping each summer at Philmont, it is important that each person do their share to insure that we protect Philmont and our neighbor's properties for generations to come.

PHILMONT RANGERS

Trail wise and well versed in the latest camping and hiking technologies and Philmont lore, these hardy young men and women play a vital role in helping your crew be successful on the trail. Rangers are trained to show respect to the Advisors - they deserve the same as they coach the crew leader and crew on Philmont's backcountry hiking and camping procedures. They come from some of the best Scout troops and Venturing Crews in America. A mark of a well prepared crew is when the Ranger can stay in the background while assisting the crew. Your Ranger will be a great friend and mentor. He or she will remain with the crew for the first three days at Philmont.

THE ADVENTURE BEGINS

TOUR PERMIT

A Local Tour Permit is needed for tours of **less than 500 miles**. Find the BSA Local Tour Permit Application, No. 34426 at the following link: <http://www.scouting.org/filestore/pdf/34426.pdf>. **IT IS NOT INCLUDED IN THE MARCH ADVISORS KIT.** It is approved by your local council and a portion of it detached and sent to you as your permit.

A National Tour Permit is needed for tours of **500 or more** miles or that cross national boundaries and into the territory of other nations. Find the BSA National Tour Permit Application, No. 4419 and can access this form online at the following link: <http://www.scouting.org/filestore/pdf/4419.pdf>. **IT IS NOT INCLUDED IN THE MARCH ADVISORS KIT.** In addition to local council approval, this application must be sent to the regional service center of the Boy Scouts of America. Upon approval, the permit is issued to you.

A tour group must have its permit in its possession at all times and must display it when requested by Scout officials or other authorized persons. All reservations by a tour group for overnight group camping on council

properties and military bases will be subject to the presentation of a Tour Permit on arrival. **Philmont requires a Tour Permit be presented at registration.**

Groups are encouraged to secure the signatures of these authorized persons on the front of the national tour permit as indications of satisfactory experiences at various stopping points.

TOUR DIRECTOR

Council contingents or multiple crew groups may wish to designate one Advisor to serve as the group's tour director. His/her duties could include coordinating transportation for the crews, handling all fiscal arrangements en route to and while at Philmont. This person would schedule overnight stops, arrange lodging and meals, and be responsible for final fee settlement with the Philmont registrar. The tour director serves as the chief liaison between the crews, the local council, and Philmont. He/she is expected to meet the same physical requirements as the rest of the Advisors and accompany one of the crews on the trail. Tour directors are often top Philmont promoters in their local council.

TRANSPORTATION

THE ARRIVAL PLANS AND CREW INFORMATION CARD MUST BE MAILED AT LEAST 30 DAYS PRIOR TO YOUR ARRIVAL AT PHILMONT. (Card distributed in March 2010 Advisors Kits)

Traveling to and from Philmont is an important part of the "High Adventure" experience. Most contingents will find transportation the largest expense in the budget. Study the various travel options before making a final decision. Choose one that has the greatest appeal and is affordable.

Philmont participants have found public carriers to be reliable transportation to the ranch. Consult the passenger department of any of the following carriers for scheduling information and costs. Your local travel agency can also provide this service.

Philmont does not endorse any agency or vendor listed in this publication, but provides this information to assist groups in making travel and lodging arrangements.

- ❖ Airlines to Denver (270 miles from Philmont), Colorado Springs (190 miles) Pueblo (159 miles), Albuquerque (220 miles) and Amarillo (220) - obtain chartered bus directly to Philmont **OR** Greyhound Lines (800-231-2222) to Raton.

PRIVATE VEHICLES

This method of transportation should be used only with full assurance vehicles are safe and drivers are reliable. Make sure there is adequate insurance coverage for each vehicle. Adhere rigidly to the Tour Permit requirements. Philmont is not responsible for vehicles parked in parking areas.

CONDUCT WHILE TRAVELING

Scouts and Venturers are respected nationwide because of how they travel and behave in public. Sharp appearing, properly uniformed Scouts and Venturers bring credit to themselves and the organization. You are Scoutings' ambassadors! Use the buddy system - no one person ever leaves the group alone. Telephone ahead to your next stop to confirm or change a reservation. Do not use tobacco in public. Express appreciation to those who extend courtesies to you along the way

FAMILY MEMBERS

Philmont does not provide program nor accommodations for family members not going on the trail. There are several motels and public campgrounds in the surrounding area. Prior reservations are strongly recommended.

CREW ROSTER & TALENT RELEASE

Please take care in preparing your **crew roster**, following the instructions on the form. It contains vital information that Philmont uses in emergencies. The Mail Room uses it to sort your mail. **Bring it with you; do not mail it ahead of time.**

Your crew's **talent release** will also be turned in upon arrival; it requires a parent signature for youth and personal signatures for those over 18 years of age.

EXPEDITION NUMBER

Please provide your **CORRECT Confirmed Expedition Number** on all correspondence and forms required for your Philmont experience. Your Expedition Number was assigned by Philmont when your deposit was received and **replaced your tentative Expedition Number**. Check with your group's contact person to verify your **correct Expedition Number** or contact camping@philmontscoutranch.org. It is determined by

your arrival date. If, for example, your crew is to arrive July 14, the first part of your Expedition Number is 714, which signifies 7th month, 14th day. Philmont also assigns an alpha-letter to each reservation arriving the same day (Example, 714-A, 714-B, 714-C, etc.). If your reservation consists of several crews, **it will be your responsibility to assign a number after the letter to designate each one**. Thus, if your reservation consists of 2 or more crews arriving on July 14, your crews' **Expedition Numbers are 714-A1, 714-A2, etc..** Parents should record their camper's complete Expedition Number on the card inside the cover of the *2010 Guidebook to Adventure*.

PHILMONT ADDRESS AND MAIL

Your complete expedition number is essential for mail delivery at Philmont. Incoming **mail** may be picked up **only by the Expedition Advisor or Crew Leader** at the Philmont Mail Room when your crew arrives and when you return to Camping Headquarters from the trail. You may send mail from any staffed camp.

PHILMONT SUMMER PARTICIPANT MAILING ADDRESS:

*Your Name, Expedition Number
Philmont Scout Ranch RSA*

24 HOUR EMERGENCY NUMBER -- 575-376-2281

EMERGENCY TELEPHONE NUMBER AT PHILMONT:

Telephone calls to any of your group should be restricted to extreme emergencies only. Since Philmont comprises 215 square miles of rugged mountain wilderness, it can require several hours to transport a participant from some camps to return an emergency phone call. If this becomes necessary, it will speed contact when the caller has the full name and expedition number of the person being contacted.

CREW LOCKERS / SECURITY

Philmont provides crew lockers and safekeeping (vault) storage service for crews. Crew lockers (2' x 2' x 3') are available for items not needed on the trail. **These lockers are limited and groups traveling by private vehicle will be required to store items in their vehicles.** **Crews using lockers will be limited to two (2) lockers, based on availability.** Safekeeping storage is available for valuables such as tickets, travelers checks, credit cards, etc. Items are sealed in envelopes and placed in the vault. Never leave valuables in tents or unattended. Philmont is not responsible for lost or stolen items.

BACKPACKING STOVES

Philmont requires crews to use backpacking stoves. You may bring your own or purchase them at Philmont. Visit www.toothofftimetraders.com for great information on stoves/fuel for your Philmont Expedition.

Philmont strongly recommends, and most airlines require, that crews transport their stoves **without fuel.** **GROUPS TRAVELING BY AIR MUST CHECK WITH THEIR CARRIER TO DETERMINE IF THEY WILL PERMIT USED STOVES/FUEL BOTTLES TO BE TRANSPORTED.** If not, purged stoves/fuel bottles must be shipped to Philmont by U.S. Postal Service or UPS (United Parcel Service, Ground Service Only). UPS has specific packaging and shipping procedures which must be followed and will assess special handling fees in addition to regular rates. Groups must include their Expedition number on shipping label, mail to the shipping address on page 9 under, **PHILMONT SUMMER PARTICIPANT MAILING ADDRESS**, and allow

ample time for shipment to arrive at Philmont. At the conclusion of your Expedition, purged stoves/fuel bottles will need to be shipped from Philmont. (**Shipping information will be available at Philmont's Mail Room upon arrival/prior to departure.**) You may want to bring your own prepaid shipping label for return shipping.

Stoves/fuel bottles must be purged of fuel for shipping or when transported. This can be accomplished by draining all fuel and leaving the tank/bottle uncapped for several hours. We suggest you call the Dept. of Transportation Hazardous Materials Information Center at 800-467-4922, press option 1. You may also access the Hazardous Materials Website: <http://hazmat.dot.gov> or <http://cas.faa.gov> for further information regarding transporting backpacking stoves.

White Gas and varieties of isobutane/propane fuel type canisters will be available at Philmont's Trading Posts located at Camping Headquarters, Phillips Junction, Ute Gulch, Baldy Town and Ponil. Fuel will also be available for purchase at Apache Springs, Rich Cabins and Ring Place. **PHILMONT CANNOT TRANSPORT PERSONAL OR SPECIAL FUEL TO CREWS.** All liquid fuel containers should be spun aluminum or hard plastic bottles designed to carry fuel. A small pour spout or funnel is important to avoid dangerous spillage. Backpacking stoves are used with adult supervision and **never** in or near tents.

ARRIVING AT SCOUTING PARADISE

Your first day at Philmont will be full of excitement and adventure as your crew completes the busy tasks of preparing to hit the trail. Watch for the signs leading to the Camping Headquarters Welcome Center, located on State Highway 21, five miles south of Cimarron, New Mexico. That is where all crews arrive.

ARRIVAL / DEPARTURE

Many months of planning lead up to your arrival at Philmont! Arrange your travel itinerary to arrive at Philmont between 8-11:00 am on your **SCHEDULED** arrival day. Very early afternoon arrivals are acceptable and will still permit your crew to complete all Base Camp duties.

Please do not arrive a day earlier or depart a day later than scheduled unless required by airline or train schedules. Scheduled Expeditions will have priority for base camp accommodations over groups arriving early or departing late. IF YOU MUST ARRIVE EARLY OR DEPART LATE, REQUEST WRITTEN CONFIRMATION FROM PHILMONT . For example, if your Expedition # is 627-Z, your arrival date is June 27, 2010 If you are delayed en route, please notify Philmont by calling 575-376-2281 and ask for the Logistics manager. Philmont recommends groups utilize other alternatives if travel arrangements require arriving or departing other than scheduled dates. Approved early arrivals/late departures will be assigned trail tents for lodging unless platform tent space is available. (Note: Platform space is very limited and is not released for early/late groups until late in the day. Please plan to stay in trail tents.) The charge for additional meals is \$5.00/meal and extra lodging is \$6.00 per person/per night if you use your own tents or \$10 per person/per night if you use Philmont tents.

YOU MUST EMAIL PHILMONT (camping@philmontscoutranch.org) REQUESTING APPROVAL for an early arrival or a late departure IN ADVANCE, IF YOUR TRAVEL ITINERARY REQUIRES A LAYOVER. All approved layovers are limited to groups traveling by public transportation and only for one night either on arrival or departure.

Your expedition begins with lunch on your arrival day (Day 1), you're off the trail on Day 12, and depart Philmont after breakfast on Day 13. The Philmont fee covers 36 meals, 12 nights lodging, staff and program supplies. Prorating for missed meals is not available. Your arrival time will determine your first meal at Philmont. Meals are served at the following times:

TRAILBOUND CREWS: Breakfast - 6:30 a.m.; Lunch - 11:30 a.m.; Supper - 5:00 p.m.

HOMEBOUND CREWS: Breakfast - 7:00 a.m.; Lunch - 12:15 p.m.; Supper - 5:45 p.m.

Each Philmont Expedition concludes after breakfast on day thirteen. On your departure day, Philmont offers either a continental breakfast at 5:45 a.m. or the regular breakfast at 7:00 a.m.; indicate your preference upon check-in at Philmont. Continental breakfast will **not** be available prior to 5:45 am on the day of your departure.

Each crew departing Philmont should make every effort to schedule departure after 5:45 am. Very early departures disturb others and prevent individuals from obtaining adequate rest before they start their long trip home.

MEETING YOUR RANGER

Upon arrival, your assigned Ranger will meet with you to guide your crew through the many steps necessary to complete your check in. Please refer to the Guidebook to Adventure for outline of Day One activities. Please carry all of your Philmont material with you. Having your tour permit, crew roster, talent release form, CPR and Wilderness First Aid training certification, medical forms alphabetized, and any other required paperwork **will save time**.

ADVISORS ORIENTATION, CREW LEADER, CHAPLAIN'S AIDE & WILDERNESS PLEDGE GUIA MEETINGS

These important meetings start at 5:45 pm, although they are separate meetings, attendance is expected. The Advisor gets last minute information; the crew leader learns crew organization skills, Chaplain's Aide becomes crew motivator, and Wilderness Pledge Guia learns responsibilities for helping the crew achieve wilderness ethics standards. By 6:45 pm, everyone is back together and off to Chapel Services conducted each evening at 7:00 pm in the Catholic, Jewish, Protestant and L.D.S. traditions. The Tooth of Time Traders and all Base Camp functions close so as to not interfere with religious services.

PHILMONT MUSEUMS

Philmont maintains three world famous museums that you won't want to miss: the beautiful Villa Philmonte (Waite Phillips' summer home), the Philmont Museum Seton Memorial Library and Gift Shop, and the historic Kit Carson Museum at Rayado. Each is open every day of the summer. Tours of the Villa are scheduled at the Philmont Museum. Daily bus service, at no charge, is available to transport crews to Rayado. Schedule this at Logistics upon arrival.

THE SCOUTING WAY

Philmont is a large community made up of several thousand excited participants and dedicated staff members. It's a magical place where strong self esteem is built as participants overcome the challenges of the trek. Our core values are expressed in the Scout Oath and Law. Philmont expects and requires everyone to do their best to live these principals. The Boy Scouts of America prohibit language or behavior that is obscene, belittling, offensive to persons of the opposite sex, or contain racial or religious slurs.

PRESERVING SCOUTING'S PARADISE FOR FUTURE GENERATIONS

For seventy years Philmont has been considered the finest youth camping and backpacking area in the world. Over 910,000 youth and adults have hiked the magnificent trails, camped in pristine campsites and enjoyed spectacular views of the Rocky Mountains. Everyone must do their part to help preserve this

wonderful place by **fully committing to Philmont's Wilderness Pledge!**

The Wilderness Pledge areas of emphasis are:

LITTER and GRAFFITI - Each camper should make sure that all trails and campsites are left neat and clean. Camping Headquarters should be left in a like manner.

WILDLIFE - Respect Philmont's wildlife, including livestock. Follow all guidelines regarding food handling and trash disposal. Never feed or harass wild animals.

WATER - You are in a land where water is scarce and very precious. Conservation and wise use of water has been practiced since the first man entered this land. You must continue this proper use. You should never bathe, do laundry, or dishes in or near springs or streams. Everyone needs water, and you should always leave springs and streams as clean as you found them.

TRAILS - Pledge yourself to respect all trails of Philmont. Do not cut green boughs or trees, or mark on them. Do not cut across switchbacks and do not alter or change trail signs.

CAMPSITES - Camp only in sites designated with a numbered wood block sign. Each crew is responsible for leaving a neat and orderly campsite, whether it be in Camping Headquarters, staffed camps or trail camps. Your campsite must be left litter free with its latrine and sumps clean. Carry out all trash. Fires must be left DEAD OUT and then cleaned of debris before you depart. Leave a courtesy woodpile when possible. You should respect the feelings of those crews camping near you and those that will come after you.

Low impact camping is practiced on Philmont property. These techniques along with the Wilderness Pledge and Leave No Trace keep Philmont pristine and natural.

Leave No Trace camping and hiking methods are used in the Valle Vidal lands in agreement with the Carson National Forest and have brought Philmont and Scouting high praise. Crews trekking into the Valle Vidal will be instructed in Leave No Trace techniques.

CONTRIBUTE TO PHILMONT'S CONSERVATION PLAN

Three hours of conservation work is expected of each camper to earn the Arrowhead Patch. Ten hours of conservation work is required for the Fifty-Miler Award. The three hours earned at Philmont can be applied to the Fifty-Miler Award - the other seven may be acquired back home. The other seven hours may also be acquired at Philmont. Several itineraries pass through more than one conservation worksite. A minimum of three hours, however, must be spent doing trail construction or other projects supervised by a trained Philmont staff member.

Philmont has several conservationists located strategically throughout the backcountry. Additional information about locations for your crew to perform a project will be shared with the crew during final trip planning at Logistics. Most conservation projects at Philmont consist of trail construction or repair. This is vitally important when 21,000+ people use the backcountry each year. Other projects may include watershed, timber stand, and fish habitat improvements. Long pants and hiking boots are needed for all projects.

2010 ITINERARIES

Philmont's pristine backcountry remains so, largely because of the preplanned itinerary system. With 35 itineraries to choose from, a crew can take advantage of many unique program features and select a hike

that meets the physical ability of each crew member. Following a preplanned itinerary helps Philmont know the location of each crew for contact, should an emergency arise. This plan is also a vital part of Philmont's overall conservation and wilderness ethic.

Each itinerary is reviewed annually and changes are done as needed. When selecting your 2010 itinerary, DO NOT USE A PREVIOUS BOOK or rely on any itinerary you might see on the internet other than Philmont's official website www.scouting.org/philmont. THESE ARE THE ONLY OFFICIAL PHILMONT ITINERARIES

TIPS FOR SELECTING AN ITINERARY

First of all, the itinerary must be the **youths'** decision! The crew's five choices must meet each crew member's physical ability and should be choices the crew is willing to hike, if assigned. The itinerary should be a balance of exciting program features (many of which are repeated at several locations) and quality hiking. Every itinerary offers a full Philmont experience.

THE CHALLENGE

Most crews choose either a challenging or rugged itinerary. Hiking with a heavy pack in elevations from 6,000 to 12,000 feet is a major physical challenge. It is not possible to "acclimatize" by spending a few days at elevations one is not accustomed to. Altitude sickness can usually be avoided by not sleeping above 9,000 feet for the first few days on the trail. Philmont considers this and many other factors when planning the itineraries.

Youth participants are usually fully capable of mastering the challenge. Many adults who lead sedentary lifestyles have great difficulty and could potentially be placing themselves in harms way. Refer to pages 15 thru 19 of the *Council & Unit Planning Guide*.

ITINERARY RATING

The rating or degree of difficulty of each itinerary is determined by many factors such as mileage, elevation changes, number of layover days, days to carry food, distances to water sources, and topography, to name a few. A little practice using the enclosed Philmont map will show many areas where there are steep climbs and descents. The contour lines on the wall map represent 80 foot intervals. The closer the brown contour lines are together, the steeper the trail.

A "**Challenging**" itinerary will allow the crew more time for program. It also allows time to do some interesting side hikes, visit backcountry trading posts, take showers and just enjoy the solitude of the backcountry trail camps.

A "**Rugged**" itinerary, although offering more physical challenge, is very enjoyable for a crew that has trained. It also offers a variety of exciting program.

A "**Strenuous**" itinerary is just as it sounds. A great experience for a crew of physically fit, older Scouts Venturers and capable adults. More time is devoted to hiking, however, a well prepared crew can still experience several programs. Many seasoned crews who have hiked together several years choose a strenuous itinerary.

A "**Super Strenuous**" is, by far, the most difficult and, for a small but dedicated group of Philmont crews, the most rewarding! These few itineraries are highlighted by climbing some of Philmont's highest peaks and hiking long days of many miles. These itineraries should only be attempted by older more experienced crews where every person is in exceptional physical condition.

ITINERARY ASSIGNMENT

Philmont assigns only two crews each day to the same itinerary. **Each crew must hike independently.** If two crews from the same group choose to do the same itinerary, instructions are included on the ***Itinerary Selection Worksheet*** that was mailed separately. The maximum crew size is twelve (12), minimum crew size is seven (7). Crews are to have a majority of youth participants and the maximum number of adults 21 and over is four (4).

CREW RENDEZVOUS

Often crews from the same contingent would like to spend time in the same camp. This rendezvous can be planned by choosing itineraries that would be in the same camp on the same day. Please refer to the *Itineraries At A Glance* on pages 17 & 18.

SELECTING YOUR ITINERARY

The three tools your crew needs to make their five (5) top itinerary choices are:

- 1) the Philmont wall map included in this packet – after your crew receives itinerary confirmation, they may wish to purchase the section map suggested at the bottom of each of the description pages for the itineraries, for more accurate navigation.
- 2) the *Guidebook to Adventure* which gives a brief description of the available programs.
- 3) this *PHILMONT TREKS - 2010 Itinerary Guide*.

Many crews determine their own unique method of choosing their top five (5) itinerary choices and some tried and true methods are:

- 1) based on your conditioning program, determine the level of difficulty that best suits the crew.
- 2) to have each crew member select their five (5) favorite program features from the list in the front section of this book.
- 3) to tally the votes for each program and use the page at the front of this treks guide, **Programs/Itineraries / Camps**.

The description page for each itinerary, located opposite the sketch map and elevation graph, lists the most common programs for that itinerary. Crews are not required to participate in each and every one, some may not interest your crew or weather may hinder your participation. A few programs such as the chuck wagon dinner, horse rides and the use of burros for equipment packing, require scheduling when the crew leader and Advisors meet with their trip planner in Logistics.

BURRO PACKING

If your crew chooses an itinerary that includes burro packing and is assigned that itinerary they **MUST TAKE THE BURRO**. Not only is burro packing a real part of Philmont's history and lore, it's a great way to lighten everyone's load.

RESERVING YOUR ITINERARY – 12 DAY

If you have been to Philmont before, you are accustomed to finding an "itinerary selection" postcard in the TREKS Itinerary Guide. It's missing this year! We have eliminated it on purpose; you did not receive a "defective" guide!

For the summer of 2010, instead of filling out the "itinerary selection" postcard, rushing to the post office (or FedEx or UPS), to try to get it in first, we have implemented a new procedure for you to tell us your itinerary wishes. You will now go on the internet and enter your selections online. Instead of waiting for days to receive your assigned itinerary, you will know immediately.

Why have we done this? There are a number of reasons. For you, it gives you your assigned itinerary sooner so you can immediately begin planning your trek with your crew. For Philmont, it not only reduces

the work it takes to process the cards but it also insures that the information we have about your crew is entered correctly in our database — we won't have to try to decipher handwriting and it will eliminate typing mistakes that unfortunately occur when we enter over 2,000 postcards every year.

So how does this work? It's really a simple procedure.

What You Need?

- Have your Crew Leader assign one of your crewmembers to be the person (Processor) to enter the itinerary selection information.
- Have access to a computer with:
 - Internet access (personal computer, public library, work, etc.)
 - Web Browser (Internet Explorer 6.0 or later)
 - Printer
- Completed Itinerary Selection worksheet - this has been sent to the contact person on record for your crew at Philmont.
- Access code assigned to your crew by Philmont — this has been sent to the contact person on record for your crew at Philmont.

How Do You Get Ready?

- After the TREKS Itinerary Guide arrives, your Crew Leader should work with the crewmembers to determine the crew's five desired itinerary numbers in priority order.
- Fill out the Itinerary Selection worksheet – Access the Itinerary Selection website - Enter the required information – this has been sent to the contact person on record for your crew at Philmont.

The Crew's Process

- Crew determines itinerary choices and fills out the Itinerary Selection worksheet
- Crew Advisor has received the access code provided by Philmont and given it to the Processor to enter the itinerary selection information when Itinerary Selection worksheet is complete
- Processor signs on to the Itinerary Selection website and enters the information from the worksheet. This includes contact information as well as the five itinerary selections.
- When the information has been entered correctly, the Processor will "Submit" it.
- The system will assign the crew's itinerary from the five choices entered. If none are available, the Processor will be asked to enter five new choices.
- The Processor prints the Itinerary Assignment page
- An email will be sent to the Crew Advisor confirming the assignment

SHORT TREKS

Short Treks, 7 to 9 days, are scheduled on specific August dates only. If your crew has a short trek, an itinerary will be created for you approximately one week prior to your arrival and will be reviewed by your crew and a trip planner at Logistics when your crew checks in. Your customized itinerary will be based on your program preferences and your desired degree of challenge, and will be in accordance with Philmont criteria for Ranger Training, acclimatization, and location of other crews.

Because the numbered itineraries in this treks guide do not apply to short treks, you will not use the online itinerary selection process. Please use the "**special**" Short Trek postcard attached to the cover of your 2010 Treks Itinerary Guide that will ask for the following:

- 1) Number of days of your trek (7, 8 or 9 DAYS) in the upper left of postcard.
- 2) List of five (5) top choices of programs your crew prefers on the itinerary choices lines. Use "**mountaineering**" to indicate a preference for climbing a specific Philmont landmark (example - mountaineering - Baldy Mountain).
- 3) Crew's desired degree of challenge (Challenging, Rugged, Strenuous, or Super Strenuous) in the upper right of postcard.
- 4) Complete the rest of the information requested.
- 5) Mail postcard to Philmont not later than June 1.

VALLE VIDAL ITINERARIES - A UNIQUE EXPERIENCE

Each year Philmont plans a number of very special itinerary opportunities, starting and finishing on Philmont property, that venture into the spectacular Valle Vidal section of the Carson National Forest. This 100,000+ acre wilderness borders Philmont in the vicinity of Dan Beard and Rich Cabins camps and Philmont's North

Ponil country, and is home to New Mexico's largest wild elk heard. As a part of Philmont's special use agreement with the Forest Service, we agree to do meaningful conservation service and practice Leave No Trace camping on the Valle Vidal.

Some of the most popular programs such as mountain biking, search and rescue, astronomy, geo-caching, and folk weather forecasting are located at the Valle Vidal camps of Whiteman Vega, Seally Canyon and Ring Place. Another great feature of the Valle Vidal is the ability for a crew to "bushwhack" from location to location using only map and compass or GPS. There are few established trails. (Refer to "**Mileage On Valle Vidal Itineraries**" below.)

Philmont's crews that trek into the Valle Vidal are shining examples of Scouting's commitment to being good stewards of the National Forests. As our public lands become less wild, it behooves us all to take advantage of this rare opportunity to experience the grandeur of the amazing Valle Vidal. Philmont has redesigned the Valle Vidal itineraries to offer even more exciting programs. Each crew that successfully chooses a Valle Vidal itinerary will receive a Valle Vidal section map at no charge. Additional section or wall maps may be purchased at the Tooth of Time Traders' online catalog by visiting www.toothoftimetraders.com.

MILEAGE ON VALLE VIDAL ITINERARIES

Philmont's Global Information System (GIS) uses a very accurate system that charts the mileage and elevation for each itinerary based on the most direct route. The computer actually traces the distance along the trails or roads that are on our maps. Because there are no trails on the Valle Vidal maps, although some actually exist, the mapping program follows the Forest Service roads. Valle Vidal Itineraries present the opportunity to "bushwhack" following a course you set using your map and compass. Actual distances your crew hikes will be far shorter than if your crew hiked the roads in the Valle Vidal. **The distances listed on the Itinerary Page, not the Map Page, will be the true distances of the most often chosen routes.**

ON THE TRAIL

Whether hiking on Philmont, the Valle Vidal, or our neighbors' land by permission, crews are expected to travel responsibly - stay together, practice Scouting values; use proper wilderness ethics. As Advisor and crew leader, you are the chief morale officer. Crews must not deviate from their assigned itinerary. Changes are only permitted for bonafide medical emergencies and must be approved by the Health Lodge and Logistics Department.

THE PHILMONT EXPERIENCE

Each of the 35 pre-planned itineraries provide numerous exciting programs offered at backcountry program camps. Crews that stay in staffed camps, normally have first choice of the program offered. Crews passing through these camps may, if time and space allows, participate in some of the programs. Trail camps offer crews a time to relax, bond as a team and build lifelong memories. Philmont is a total experience! Plan for a balanced trek and enjoy the serenity of the mountains.

"TEN ESSENTIALS" FOR HIKERS

1. Map & Compass - and the ability to read a map and use a compass.
2. Sun & Insect Protection - sunscreen, broad brimmed hat, sunglasses, insect repellent.
3. Water Bottles filled with disinfected water - a minimum of 3 quarts is essential in the Southwest.
4. Rain Gear - preferably a breathable rain suit with jacket and pants.

5. First Aid Kit - adequate to treat common injuries that may occur on a hike, and including latex gloves for protection from bloodbourne pathogens.
6. Matches - for building a small campfire if necessary for warmth, drying clothing or boosting morale.

7. Extra Clothing - daytime temperatures can drop to 40° F during the summer; nighttime temperatures can drop below freezing. Wool and/or polypro or other synthetic fabrics are recommended. Cotton clothing is not suitable for retaining body heat.
8. Extra Food - to provide energy and warmth.
9. Pocket Knife - a Swiss army knife with several tools is recommended.
10. Watch - so that you can stick to the schedule/itinerary.

Itinerary 2

2010 PHILMONT ADVENTURE ITINERARY

Itinerary Number 2

Challenging (maximum program time) - 51 miles

The views are incredible from the two 10,000 ft. peaks that you cross on this exciting itinerary. It also offers lots of "never to be forgotten" programs early in the itinerary such as 12 gauge shotgun shooting and reloading, rock climbing at Cimarroncito and .30-06 rifle shooting and reloading at Sawmill. Visit the Rocky Mountain Fur Company outpost at Clear Creek and an 1860's homestead at Crooked Creek on your way to Philmont's great western lore camp at Beaubien. Search and rescue skills are taught at Carson Meadows before your crew spends their last night at Zastrow where your crew will participate in a very moving "Rededication to the Values of Scouting" ceremony.

Philmont Hymn

Silver on the sage,
Starlit skies above,
Aspen covered hills,
Country that I love.

Wind in whispering pines,
Eagles soaring high,
Purple mountains rise
Against an azure sky.

Philmont here's to thee,
Scouting Paradise.
Out in God's country,
Tonight.

Philmont here's to thee,
Scouting Paradise.
Out in God's country,
Tonight.

The Philmont Grace

For Food
For Raiment
For Life
For Opportunity
For Friendship and Fellowship
We Thank Thee O Lord
